ENSIGN

I never asked for this but I guess my choice was made when you turned your back on me and everything we said. It hurts to see you turn away, I wish that I could help. Everytime I spoke my mind, you just shot me down. You built these walls around you, now you can't get out. This time I won't forget. I can't forget the things you said to me. Were they true? And the promise that you made to me. Did it mean a thing to you?

one king down

I don't deserve this. I don't deserve an ounce of this. See it any way you want. Feign concern for me.
Demonstrate your stupidity. You have the nerve to ask me if I'm okay. I'm not okay. It's not okay. It's never okay.
Only quicksand swallowing me - and I'd spit on your fucking hand were it offered to save me.

You say I'm not so strong as I could be
I'm not so brave as I could be
Then I'm not the one that I must be
Maybe I'd have to aspire for something better
Engraved on my mind
Signs of past are still inside of me
